Shuvra S. Bhattacharyya
Professor
ECE, University of Maryland,
College Park

What is your favorite Madison/campus memory?
I was born in Madison. I have fond memories of hanging out at Union South with my sister.

What has helped you achieve success in your career?
I’ve had interests both in Math and Software, as well as programming, which have helped me a lot over the course of my career.

Outside of class, what experiences did you find most meaningful?
My experience in industry and government labs.

What excites you about the future of Engineering?
Development of autonomous systems which is poised to have a deep social and economic impact.

Besides engineering, do you have another passion you have pursued or would have liked to pursue given the time?
I play the guitar. However, I do wish that I had started earlier.

Who was an influential peer/professor from your time at UW-Madison?
James Goodman – CS Professor in Computer Architecture.

What are you most proud of in life? What is your greatest achievement?
My kids. Watching them grow up with good values is something that I am extremely proud of.

What would be your advice to current students? What do you wish you had known?
Get involved in an extended research opportunity as an undergraduate student.
